

## **Nominations for the Society's Executive Committee**

The following members of the Society are standing for election/re-election at the AGM on 17 May.

Below are brief summaries of their past experience.

### **Nick Bueno de Mesquita**

I first moved to Bedford Park with my family in 1978. I had a long career with a leading management training and consulting firm working in both London and Paris. I have served on the Bedford Park Society Committee since 2008, initially as Minutes Secretary, and from 2013 as Hon. Secretary. Most recently I was involved with the team developing of our communications strategy.

I am currently leading a group within the Society, which is initiating and implementing projects in furtherance of one of the Society's key objectives: to promote the advancement of education concerning the special architectural and historic interest and character of Bedford Park.

### **Raj Parkash**

I have lived in Bedford Park for the past 17 years and in the Chiswick area since 1987, so I have a longstanding familiarity with and affection for Bedford Park. I am currently a member of the Society's Infrastructure Committee and am keen to make a further contribution to preserving the character of this wonderful treasure by joining the Executive Committee.

I have a wealth of relevant experience. I am a commercial lawyer and since retiring from the leading international law firm Clifford Chance I have been active in the not-for-profit sector. I am Vice-Chair of the Lyric Theatre Hammersmith, Governor of City Lit, and have been a lay member of the Chiswick Area Forum. I have also been Head of Legal and Compliance at Comic Relief.
